PREFACE

The Marriage Record Books from which the information in this book was copied are in the office of the County Judge in the Buffalo County, Nebraska, Court House, which is located in the county seat, Kearney, Nebraska.

Whenever there was any doubt as to the spelling of a name, the compiler of this information referred to the original document. The records as given here are as accurate as it is possible to make them. The mother's maiden name is given in parentheses. In many instances, full information was not included on either the license or the marriage certificate. On some, no return was filed, which indicates that the license was not used or was accepted in lieu of a marriage certificate.

PREFACE

The Marriage Record Books from which the information in this book was copied are in the office of the County Judge in the Buffalo County, Nebraska, Court House, which is located in the county seat, Kearney, Nebraska.

Whenever there was any doubt as to the spelling of a name, the compiler of this information referred to the original document. The records as given here are as accurate as it is possible to make them. The mother's maiden name is given in parentheses. In many instances, full information was not included on either the license or the marriage certificate. On some, no return was filed, which indicates that the license was not used or was accepted in lieu of a marriage certificate.
